

Welcome to the PVGP Tune-Up at Southside Works

Directions and Information

- We are very excited to be “Back on Track” this year for the host of PVGP events. Welcome to the Tune-up!
- Enclosed is your entry decal (resembles the logo above), which is required for access to event at the Southside Works for July 21st. Please have this decal affixed to your windshield on the driver’s side so that we can more efficiently admit you into the parking area. PLEASE DO NOT FORGET THIS DECAL as it is your entry ticket. This ticket is non-transferable.
- The entrances for drivers are located at either 26th and Tunnel Street or 28th and Tunnel Street, with exceptions noted below. Other streets will be blocked off at various locations and barriers will not be moved. Please use one of the two entrances as described. Once at entry, our volunteers will happily direct you to a parking spot.
 - Exception groups to use 26th and Tunnel entrance ONLY:
 - Cars and Coffee Members
 - Marque of the Year Car, Corvettes
 - Bentley Drivers for rides that evening
 - ***These guidelines are in place for quick and efficient parking, please abide accordingly.***
- Cars may begin arriving @ 5:00 & should be in place by 6:00 PM, please. Early arrivals will NOT be accommodated as we have a small window of time to block the streets and allow entry. We cannot have cars blocking the city streets prior to 5 pm.
- Once your car is in place, please proceed toward the Hofbrauhaus to retrieve your registration packet. The desk will be at 27th and Tunnel Street. Your packet will include your placard (if pre-registered) as well as the drink tickets for the number of people you indicated would be in your car at registration (2 per paid guest) The drink tickets are valid for “special PVGP drinks” at the drink trucks located throughout the area.
- To minimize on site transactions, there is no need to purchase additional drink tickets at the event. You can simply buy any additional beverages from the various drink trucks as described above.
- Please make sure to visit the wonderful folks at SHOP 412 at 420 S. 27th street to check out and bid on the many exciting auction items we have for the evening.
- Finally, we’re bringing back the music! Set up near the Hofbrauhaus (27th street between Tunnel and Water streets), enjoy “The Bricks” as they entertain the crowd for the evening.

Thank you for participating, we’re all looking forward to a fun evening with our friends and fans!

Maralee B. Williams – Tune Up Coordinator
